

# Techniques

## Striping

Striping is available on items that are offered in optional finishes. Twelve striping colors are featured in two techniques: The Antique Rub technique features rub-through areas that reveal the underlying finish while the Solid technique is applied evenly. Please note that striping colors may look different on each base finish.

## Combination Finishes

Why settle for one finish when you can choose a pair of contrasting finishes. Select from our wide range of stain, paint and metal leaf finish options to create a one-of-a-kind combination made just for you.

## Custom Finishes

Hickory Chair offers custom application of finishes you send us to many wood products as a price per quote option. Send us your match panel request and we will create a strike-off for your approval. Your Customer Service representative will assist you in matching your panel and providing a Special Construction "Match Panel" quote.

# Striping

Solid Striping is a solid color stripe applied evenly. Antique Rub Striping is a solid color stripe with random areas that have been rubbed through revealing the underlying finish. Solid striping is standard, Antique Rub Striping must be specified on your order.
