HICKORY CHAIR®

SPRING 2024

HICKORY CHAIR®

JULES COLLECTION

Responding to wishes from devoted Hickory Chair enthusiasts, the company has an extensive expansion of the iconic Jules upholstery program. The Jules, aptly considered the upholstered jewel of Hickory Chair, has long been a favorite of the company's design clientele. In 2022, the company expanded the original Jules upholstery program with configurability of its arms and bases. This Spring, the company will showcase the expanded Jules program to further delight designers and their clients with new pieces such as an elegant chaise, a chair-and-a-half, and a 16-piece sectional offering along with a new arm design, and two new back cushion options, and a second, deeper depth.

These extensive additions and options provide the ability to customize the iconic Jules to a broader aesthetic from traditional to modern and from formal to casual allowing this distinctive Made For You™ Jules program a new destiny.
